

Summer 2018

Intellect Quest Summer Math/Science and Engineering Program

What is Intellect Quest?

- A Mass Academy at WPI Summer Program.
- Intellect Quest is a fun and challenging STEMS based activity experience.
- A highly popular program operating since 2004.
- Activities led by Mass Academy graduates and Rising Seniors.

What will your child do at Intellect Quest?

- Meet many boys and girls of the same age who have similar interests.
- Learn how to build and program LEGO MINDSTORMS NXT ROBOTS to compete on a robotics obstacle course.
- Participate in many **Hands-On STEMS based activities.**
- Learn and put into practice math, science and engineering concepts.
- Develop solutions to various engineering problems through friendly but competitive activities.
